2006

APRIL

ISSUE 1

Greetings and Welcome

to the First Edition of the
Regions 15/16
Bi-Monthly Newsletter.

Because CMRO is presently having some difficulty with publishing *The Ohio Activist*, Region 16 will be publishing a regional newsletter. It is the hope of our Officers to keep you updated on doings in our Regions, in other Regions, and informed on matters involving the CMRO Organization at a State level. Watch here for Legislative Reports and Event Flyers, and other news or "Letters" of interest that will fit into our limited space.

If all goes as planned, you can expect to receive a regional Newsletter in the first week of the even numbered months. In an effort to reduce postage costs to the Region, this newsletter can be sent to you as an e-mail, as can other bulletins and related information. Please contact the Regional Membership Secretary Tammy McClure 419-869-7025 or at mmjammer5@wmconnect.com with your e-mail address toward this end.

And again, Welcome!

Joyce McLaughlin
Regional Public Relations & Editor

REGION 15/16 COORDINATOR

As long as I can remember I have always been around motorcycles. Seeing pictures of me as an infant sitting with my father on his Honda proves that. All types of bikes have passed through my life. My father even had a homemade trike with a Volkswagon motor that we rode from Parma, where I was born, to Lakeville via Rte 3 to our "second home" Long Lake Park. He never has owned a Harley, but I'm still working on that. So my love for bikes goes way back.

Last April Lonnie and I made the decision to buy a 2005 Ultra Classic. Our lives have not been the same. Not even a year later, we have over 18,000 miles under our belts. Rides to Florida, Tennessee (Nashville ROCKS!), and Kentucky to see our injured biker friend and CMRO member Curtis Edmonds and wife Anita. Let's not forget Sturgis. But that's another article....

I have met so many wonderful and diverse people through CMRO. We have a group of serious members in Richland County, as does any other Region. What I hope to achieve is promoting the passion and caring of riding the bike, and assisting others in protecting themselves and other riders of motorcycles in Ohio.

Although I am new to this organization, I am ready for the challenge of being the Region 15/16 Coordinator. I have many other "virgins" to help me out as well as seasoned veterans. Aren't we all here to help each other?

Well, here's to a great new riding season.....I hope I can be a positive influence to this group because I really believe in CMRO!

Dawn Bursley
Region 15/16 Coordinator

REGION 15/16 CO-COORDINATOR

Hello There,

Well, it's been a long winter, and hopefully by now you have gotten some riding time in.

We are sending out to our regions this new Bi-Monthly Newsletter because of the current difficulties with the cost of publishing and mailing *The Ohio Activist*, and not being able to find an editor to do the hard part. We are going to try getting info out this way and see how it works.

With no *Activist*, I did not get to say thank you for all the help I got while I was the Region Coordinator last year. Without all the help of all you fine people, I would not have been able to do the job.

This is also a county report, as I am a county coordinator. Things are going well here in Wayne County. We are getting ready for our **Out of Hibernation Run**, which is **April 29th**. It will be held out the Stop Inn in Shreve (see flyer). We will be needing volunteers to help work stops, registration and check in. Show up at the next Wayne County meeting and volunteer to help out. The next meeting will be at El Rancho Grande on April 19th at 7:30. Come on out, get some food, and have a good time.

If you have any comments or complaints, call Brad King, as he is the Wayne County Coordinator. Brad will be the person who will be writing future Wayne County reports, but we sprung this on him and he didn't have time to get one out.

That's it for now. See you at the meeting or at the poker run.
Carry On,
Milan Sigler

IMPORTANT INFORMATION FOR Region 15/16 Members:

Our organization has been through many changes, one being the membership and how it is tracked. To help improve the tracking system, we are now first handling membership applications and fees paid (new and renewal) at the regional level, and I will keep documentation for our members. I will then forward them to the State Membership Secretary. By having double the paperwork, we can better ensure our members receive the membership cards and materials due them.

We are asking that **all Membership Applications and monies be sent to me.** Please contact me with any questions.

MEDINA COUNTY INFO

Our Medina County portion of Region 16 has been going through a tough time. Last year we lost our prime meeting place, had some terrible weather and lousy events, and quite a few members have dropped out.

A few loyal members are trying to resurrect the county and find a new place for meetings.

On March 26, Jerry McKinley set up a meeting at a place called The Sidelines located on Rt 42 just north of Rt 303 in Brunswick.. The meeting had a fairly good attendance, and I feel it was a productive meeting. Sam Crick has volunteered to scout out a new meeting place, and we will be announcing the location of the next meeting at the Blizzard run. And yes, we are having a Blizzard Run! Jerry put it together and there is a flier included in this newsletter

One event is not going to get us back up on our feet. If you live in the Medina County area, and you are interested in supporting our Medina County group, then please show up at the Blizzard Run, come to the next meeting and/or give Jerry a call - 330-273-7372. We could use your help.

Michael McLaughlin
Concerned Medina County Member
Former Medina County Coordinator

Regional Legislative Officer

As I write this I'm getting pretty excited about the return of riding season. We're seeing longer hours of sunshine and warmer temperatures and we're busy planning the runs we're going to do. But before we go into our summer cruise mode I'm reminded that there's unfinished business with our lawmakers that affects our lifestyle and lives and needs our attention. Ohio SB 158 (Right of way violation) is still in committee. U.S. Senate Bill 577 (Insurance Bill for Motorcyclists) is as well. Have you contacted your State or U.S. Senator to prod them into supporting or cosponsoring either one of these? Do you know who your State and US elected officials even are? I urge you to contact them.

Do you know our motorcycle laws? As we gear up I thought I'd list some Ohio laws that you probably know but might need reminded of so when you're pulled over you can at least have an idea why:

Leave w/ this thought. If you haven't done anything to change things -----

Jim Short
Region 15/16 Legislative Officer

(Steve Minter served formerly 4 years as State Coordinator, and many years as Wayne County Coordinator. He was injured in a motorcycle accident in July 2005, nearly losing his leg.)

March 15 2006

We just wanted to get out a few words, and an update, on Steven's progress for this first newsletter.

We can NEVER say "Thank You" enough to ALL our friends and relatives for the help, support, love, and encouragement during his recovery.

He has reached a point where every day brings new advances in his abilities to walk. He stood for the first time with no support last week. Yesterday was the first time he could walk into the house, without the wheelchair but using his walker, after coming home from his therapy sessions. The external fixator attached to his bones will come off in the next month or so, and he is very excited about that.

Looking his bike over (which he has not seen since the accident) and getting started on the repairs is one of his first priorities, once he is able to get to it.

We hope that this edition of the newsletter finds everyone well, happy and ready for the summer season of riding. We wish you all nothing but the very best.

Love ya all!

Steve & Judi Minter

STATE DIRECTOR'S REPORT

By Bill Bish

Well, springtime is just around the corner now, so it's time to get your bikes and yourselves ready for another great riding season. And while you're planning your riding schedule, please don't forget to include the many CMRO runs, rallies and events on your to-do list.

Part of what makes CMRO strong is our ability to work together to promote motorcycling and defend bikers' rights. And that ability to join forces on legislative issues is a byproduct of our mutual resolve. Participating together on common issues of concern is fostered by riding together and socializing. Getting to know each other. Camaraderie.

One of my favorite quotes is from the movie "When We Were Soldiers," when Mel Gibson tells a subordinate that soldiers "won't march into Hell for a stranger." So he has them march together, work together and learn to depend on one another so that they will stand tall with each other and fight together as a unit.

Well, when we ride together, we learn to trust each other. We find out that we have more in common than just our love of motorcycles. When we ride in formation, it's like we're marching together to the beat of a single drum.

So get out there and ride; together.

Here is the list of upcoming events. You should try to make it to your regional runs, but also plan to go on some of the other region's runs and meet some new people, or rekindle some friendships. Remember, there are no strangers in CMRO, just friends you haven't met yet.

See ya down the road....

CMRO 2006 EVENT SCHEDULE

AND DON'T FORGET the CMRO "Back To Basics" Legislative & Leadership Conference on Saturday, April 8th at the Traveler's Choice Hotel (I-71 & SR18 in Medina), beginning at 11am. There will be a Saturday night social, and the CMRO Board Meeting on Sunday.

THE WARREN REPORT

HELMET LAW LANGUAGE TO BE REMOVED FROM HB 406

As you know, last November State Representative Thomas Patton (R18 Strongsville) introduced HB 406 that included language requiring those 25 years old and under to wear a helmet at all times while operating or riding as a passenger on motorcycles. CMRO, along with ABATE, Inc. and other organizations in the State immediately mounted campaigns to oppose the language provision. CMRO utilized the “phone trees”, email ACTION ALERT SYSTEM and flyers to notify the membership and public of the need to contact Rep. Patton asap. Additionally, we sent approximately 4000 ACTION ALERT postcards to current and past members the week of December 5th.

The good news is that less than 2 weeks after the CMRO mailing we learned that Rep. Patton decided to remove the offensive language from his bill at the earliest opportunity. I confirmed the information with his aide on 12/23 and was advised that he had made the decision to delete the language due to significant number of objections to the helmet language he had been receiving. I would like to think that our mailing made the difference. One things for sure, it didn't hurt.

Unfortunately, under the House Rules, Rep. Patton must wait until a particular forthcoming proceeding before he can introduce what will be known as Substitute House Bill 406 that has the helmet requirement language deleted. Soooo. . . for the time being, I think it's safe to say we got his attention. However; we will be closely monitoring the situation to be sure he follows through.

For now, congratulations are in order to all that participated in this short lived campaign. Mountains can be moved once the sleeping giant is awakened.

THE PAIR OF “RIGHT OF WAY” BILLS NEED ACTION

While the mc rights warriors are flush from the recent “victory”, it's time to turn our attention to the pair of “R-O-W” bills introduced last year. Senate Bill 158 introduced by Charlie Wilson (D 96 St. Clairsville) on 6/28 still hasn't had its first hearing, while House Bill 388 introduced by Jon Peterson (R 02 Delaware) on 10/18, already had a Sponsor's Hearing on 10/25. These bills, once enacted, would increase the penalties for right of way, assured clear distance and marked lane violators. Keep in mind that the R-O-W Campaign is in direct response to the motorcycling public's (your) complaints of slap on the wrist penalties for persons causing serious injury or death to victims of their reckless or careless negligence.

This is good legislation. The legislature knows we're organized and active thanks to Rep. Patton's HB406. Now's the time to turn up the heat. Please contact Senate Judiciary-Crim. Justice Chairman Jim Jordan (R 12) and request that he schedule hearings for S158 right a way. (Jordan@mailr.sen.state.oh.us or 614-466-7584) You might also contact your State Senator and encourage him/her to actively support the bill. In addition, please contact your own State Representative and request that he/she actively support HB388. You can locate your Senator or Representative by calling your local Board of Elections or at www.legislature.state.oh.us/. Remember to keep in mind what you say and how it's said. Be polite and non-confrontational.

MAY IS MOTORCYCLE AWARENESS MONTH BILL NOT MOVING

Sylvester Patton's (D 60 Youngstown) HB 238, introduced 5/4/05 at OUR request is not moving either. This one should be a slam dunk. It costs the State nothing nor does it place any sort of burden on anyone. But, it's getting no action. So while you're in the mood, please contact Chairman Stephen Buehrer (R 74) of the House State Government Committee (district74@ohr.state.oh.us or 614-644-5091) and request that he put HB 238 on the fast track. It sure would be great to have it signed into law by May 1st.

That's it for this edition of the *ACTIVIST* Supplement. Hopefully, all of you will do your part in keeping awareness of CMRO in front of the Legislature. After all, CMRO's MISSION is to “*preserve and protect the rights and lives of motorcycling.*” Fortunately, the *Constitution* and modern technology permits us to participate in the process, largely from home via email, phone, fax and the U. S. Mail. Elsewhere in the world, participation often involves guns, armor, tanks, bombs and potential for incarceration, torture, serious injury and/or death.

See you at the International Motorcycle Expo at Cleveland's IX Center January 27, 28 & 29.

**MAY IS
MOTORCYCLE AWARENESS
MONTH**

NEW PARTY SITE FOR REGION 8'S FREEDOM RALLY

Checked out the new site on Sunday, March 19th. It's big - very big. About 160 acres. It's basically set up for motocross racing, with a number of tracks. Don't worry, we won't have to put up with loud motocross type bikes all weekend, they will close off the tracks while we are there. The tracks will also be roped off — don't want a bunch of drunk bikers tearing around the race track on their dressers (that includes me). They have had concerts out there before, and are planning on a huge concert in September (I heard they are trying to get David Allen Coe as the head liner).

Camping is primitive, no electricity available for campers. Not a lot of trees either - canopies will be a necessity. Campfires will be allowed, but fires will have to be enclosed in fire rings.

They are working on a number of improvements, two of which must occur before the Freedom Rally. They are running an electric line down to the stage, and they are putting in some showers. The stage is huge, but pretty basic. They are using tarps to cover the stage, but plan on putting up a permanent roof (maybe next year). They are also planning on pouring a concrete floor - the current stage floor is mostly plywood.

The place is easy to find. Take Rte 30 to Rte 43 South. When you enter Waynesburg, just past the spot that Rt 44 & Rt 43 have a Y intersection, make a right turn on Mottice Dr and follow it for about a mile and a half. There will be a huge sign on the left side of the road. There are a bunch of stores, gas stations, restaurants, etc at the 44 & 43 intersection, so people won't have to travel far for supplies. The party site is fairly well isolated, so no problems with neighbors.

No place is perfect, and there are a couple things to consider. If it gets very windy, there will be a lot of dust in the air from all the sandy race tracks. The driveway is gravel, with a short section made up of crushed bricks. This area could be a bit tricky, especially if wet. Go slow and be cautious when you ride up the driveway!

The people who own the land are very excited about having us there, and seem to be putting out a lot of effort to make sure it all goes well. As an extra bonus, one of the key people is the son of Ed & Cathy Harper (Region 8 board members), so we have should have some serious pull with these guys.

There is a flier posted on the www.cmro.org web site along with a link to map quest.
